NEW YORK TELEPHONE COMPANY

1962

TYPES OF CALLS

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging begins when the called person or extension answers.

COLLECT

Most calls can be made "collect" if the person you are calling agrees to pay the charge. If you want the call made collect, please be sure to tell the operator when you give her the call.

MOBILE, MARINE, OVERSEAS SERVICE

You can make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask the operator for the mobile service operator, or the marine operator. For overseas calls tell the operator the name of the country you are calling.

CONFERENCE

You can talk with several people in different places at the same time. Tell the operator you wish to make a conference call.

*charges – 10¢ from coin telephones. 1 message unit from other telephones

LONG DISTANCE RATES *from* BROOKLYN

These typical rates are for the first 3 minutes. Bargain rates go in effect every night after 6, all day Sunday and Thanksgiving, Christmas and New Year's days. The time of day at the calling point governs the application of these rates. For rates to other points, dial the operator.

A federal excise tax of 10% applies to the total charges for any long distance call from non-coin telephones. From coin telephones, there is no tax on calls totaling 20 cents or less, but on calls of 25 cents or more the tax is 10% computed to the nearest multiple of 5 cents.

	Station-to-Station Week days	Station-to-Station Nights & Sun	Person-to-Person Week days	Person-to-Person Nights & Sun

EMERGENCIES

FIRE
POLICE
AMBULANCE
DOCTOR
COAST GUARD

Dial the Operator
... tell her, "This is an emergency call"...
Give her your telephone number and say:
"I want to report a fire"
or "I want a policeman," etc.

IF you cannot stay at the telephone, tell the operator the exact location where help is needed.

F. B. I. *Federal Bureau of Investigation* **LE 5-7700**
201 East 69th Street, New York 21, N. Y.

EMERGENCY CALLS
On Party Lines
WARNING:

New York State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. It is unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as "a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

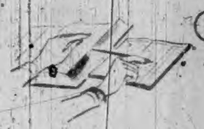
THE NEW WAY TO GET A NUMBER FROM INFORMATION

No Charge for These Calls

To make it more convenient for you to get telephone numbers in communities nearby or far away, we're setting up new Information Centers throughout the country. Each Center specializes in the telephone numbers in its own Area. For example, there's a Center for northern New Jersey, the 201 Area, and one for the San Francisco region of California, the 415 Area.

To reach an Information Center outside New York City, you merely dial the Center's Area Code, then 555-1212 – the new nationwide Information number. For northern New Jersey "Information," for example, you'll dial 201 and then 555-1212. You'll speak directly with an operator right in northern New Jersey. She'll, of course, be familiar with the locality you're calling. She'll find the number for you fast because she'll have only a few Information books to search through – books that cover northern New Jersey alone. You continue to dial 411 to obtain numbers in your own New York City borough. For numbers in other boroughs, just dial 555-1212. Here's how the new system works from Brooklyn.

For BROOKLYN numbers, dial	**411**
For OTHER NEW YORK CITY numbers, dial	**555-1212**
For POINTS OUTSIDE NEW YORK CITY — Marked with a (*) on pages 4 & 5 – dial	**Area Code + 555-1212**
For OTHER POINTS & ASSISTANCE, dial	**Operator**



When dialing from a coin telephone, see the instructions there.

BA 1

1962

DIALING YOUR CALL TO LOCAL,

For Station-to-Station Calls Only (Not from Coin Telephones)

① **OBTAIN** *the* **NUMBER** *including the area code where appropriate. Keep it in front of you as you dial.*

② **HEAR** *the* **DIAL TONE** *before you dial.*

③ TO CALL	DIAL
NEW YORK CITY	Local Number
POINTS OUTSIDE NEW YORK CITY	Area Code + Local Number

See pages 4 & 5 for a list of area codes for n communities across the country.

BE CAREFUL *not to confuse the numeral zero with the letter "O", or the numeral one with the letter "I".*

Local Number

The local telephone number consists of 7 numerals or 2 letters and 5 numerals. Below are some examples:

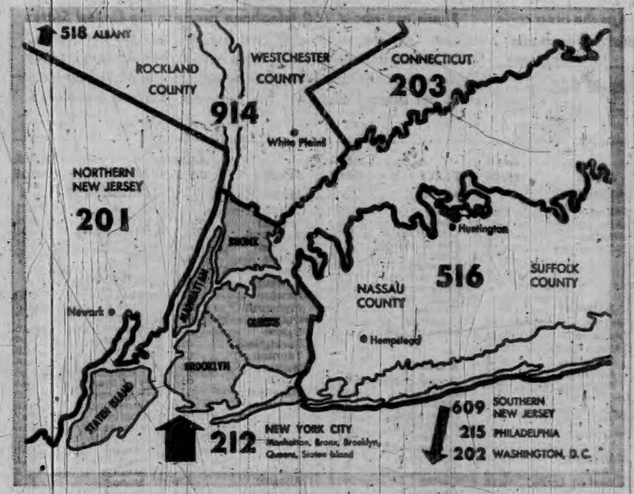
571-9970
NA 8-9970
TT 5-9970

④ **AFTER DIALING** *you will hear—*

The Ringing Signal – A soft "burr-r-ring" sound re ed at regular intervals means that the telephone you dialed is ringing. Give y party time to answer, about 10 rings, before you hang up.

The Busy Signal – A steady "buzz-buzz-buzz" soun eans the called line is in use. Hang up and call again later.

Before the called telephone rings, an operator may ask "Y r number, please?" Be sure to give her the number from which you are calling. n some central offices, the calling number is recorded automatically.)



IF YOU NEED ASSISTANCE

or have trouble dialing, please dial Operator. Mention any recorded announcements you heard. She'll be glad to help.

IF YOU REACH A WRONG NUMBER

– dial Operator immediately and tell her what city you reached so you will not be billed for the call.

NEARBY AND DISTANT POINTS

This map shows the area codes for New York City (212) and some surrounding points. See pages 4 & 5 for a list of area codes for points across the country.

People outside New York City dial the 212 area code to call any of the city's five boroughs. But the 212 area code is never used when calling from one New York City telephone to another.

PLACING CALLS WITH THE OPERATOR

When you must place a call to a point outside New York City with the operator, give her the area code and the telephone number. *If you do not know the area code,* give the name of the town and state. *If you do not know the telephone number,* call Information (see page 1).

Give your own telephone number *only* when the operator asks for it. Giving it to her *before* she is ready to receive it may delay the handling of your call.

Overseas Calls

(Including Alaska and Hawaii)

Calls to practically all the world's telephones can be made from your telephone. Tell the operator the name of the country you are calling.

Some typical weekday rates for a 3 minute call (excluding Federal Excise Tax)

ARGENTINA, AUSTRALIA, BRITISH ISLES, ITALY, JAPAN, PHILIPPINE IS.	$12.00	BERMUDA	$8.00
		PANAMA	9.00
		PUERTO RICO, VIRGIN IS.	6.50
		HAWAII	$7.50
ALASKA: Anchorage	$9.00	Juneau	$8.25
ALASKA: Fairbanks	9.00	Nome	9.00

Reduced rates apply on calls to many countries during certain night hours and on Sundays.

Direct Inward Dialing

Under the system known as Direct Inward Dialing, an outside caller merely dials the central office designation followed by the extension he wants. The call will go directly to the extension instead of a switchboard operator. For example, the main number for the New York Telephone Company's headquarters in New York City is 394-4141. To reach extension 9970 at that number, you'd dial 394-9970.

Customers who have this service will tell you about it so you can call them more conveniently.

1962

AREA CODES FOR SOME CITIES YOU CAN DIAL

If the area code you are calling is the same as the area code of the telephone you are using, do not dial the area code.

NEW YORK CITY AREA CODE IS **212**

There are about 150 telephone areas in the United States and Canada, each identified by a three digit area code. You can dial telephones in hundreds of places by using the area code and telephone number. If the place you want is not listed below, ask the operator if it can be dialed.

★TO REACH INFORMATION in any of the starred states or communities, dial the area code shown followed by 555-1212, the new information number.

1962

The MESSAGE UNIT CALLING AREA

New York City's five boroughs and Nassau County, Amityville, Cold Spring Harbor, Farmingdale and southern Westchester County make up the Message Unit Calling Area, which is shown in this map. Numbers in the map indicate zones in the Message Unit Calling Area.

Area Codes Within The Message Unit Calling Area

For some calls within the Message Unit Calling Area an area code is required when dialing. The use of an area code does not affect the charges for such calls.

Charges For Calls—Message Units

Charges for calls to points in the Message Unit Calling Area are recorded as message units. Your bill shows the number of message units allowed monthly. Those in addition to the number allowed monthly are five cents each.

The number of message units is not necessarily the same as the number of calls. The units charged depend on the distance called and the length of the conversation.

The tables on the opposite page show how to figure message unit charges.

Charges from coin telephones are at the rate of five cents for each message unit with a minimum charge of 10 cents a call. Overtime rates may also apply.

Possible New York City Tax Refund

You may obtain refund of the New York City sales tax paid *(or avoid payment of such tax in the future)* on calls from New York City to southern Westchester, Nassau County, Amityville, Cold Spring Harbor and Farmingdale charged for on the second line of your telephone bill. Claims may be made by furnishing your Business Office with information *(based on records or reasonable estimates)* concerning such calls.

The amount of the refund is 3% of the charge for message units on such calls. For example, if 10% of your message units are for Nassau and southern Westchester calls, and your message unit charge *(shown on the second line of your bill)* is $10.00, you are not entitled on 10% of $10.00, or on $1.00. The tax on $1.00 is 3¢ so you would be entitled to a 3¢ refund.

Your Business Office will be pleased to furnish the appropriate application forms.

How to figure MESSAGE UNIT CHARGES

STEP 1

Find the zone number below for your telephone and the one you are calling. For example, if you are calling from a phone that begins with AP 7, the zone number is 6. If the phone you are calling begins with PI 1, it is in zone N5.

1962

BUSINESS *with the* COMPANY

Your Business Office Representative

Your account is handled by a representative at the Business Office who will help you in any service requirement. She will arrange for new or additional telephone service, a move or disconnection of service, and listings in the directory. She will also answer questions about your bill or payments, and she will furnish information about other telephone matters. From your own telephone, just dial 811. From all other telephones, dial the number listed below. There is no charge for these calls.

Business Office hours are from 9 a.m. to 5 p.m. Monday through Friday. The offices are closed Saturdays, Sundays and holidays. See page 9 for a list of Business Office addresses in Brooklyn.

For emergency establishment of service after Business Office hours, dial 394-8700.

MODERN TELEPHONE SERVICES

There are hundreds of items of equipment available to make your telephone service more valuable and convenient than ever. Whether for your home or office, you will find telephone equipment designed to save you time and money, tailor-made to fit your special needs at a surprisingly low cost. To order, just call your business office or ask your serviceman.

Princess Telephones

What better way to modern living than to have new Princess telephones in your home! The Princess is compact—takes so little space yet adds so much beauty to any room. And there's a night light, too, so that you can find the phone quickly in the dark. It comes in five smart colors:

WHITE
BEIGE
PINK
TURQUOISE
BLUE

Home Interphone

You can communicate throughout your home by telephone, and you can answer the door simply by picking up the nearest phone! If you like, you can communicate "hands free." This home communications system means new convenience and security for you. Even children—if they're old enough to use the telephone—can operate the Home Interphone.

KEY SWITCHBOARD

PUSH-BUTTON

Modern Telephone Equipment

Whether you need a simple push-button telephone, a switchboard, or a complete dial system, you can be sure there is economical telephone equipment available to handle your communications requirements.

Extension Telephones

Enjoy the convenience of step-saving extension telephones throughout your home in the...

Kitchen — Living Room
Bedrooms — Recreation Room

Telephones now come in many beautiful decorator colors to blend with or accent the color scheme of your home furnishings. Extensions are available in many models, including wall sets and, of course, the beautiful new Princess.

Additional Telephone Lines

A separate number in your home or place of business makes it easier for friends or customers to reach you. Ideal, too, for large families or for your "teen-ager." You can double the value of your telephone by adding an extra line.

TO MEET YOUR NEEDS

Bell Chime

Here's a musical invitation for you to answer the telephone. With a Bell Chime in your home, delightful musical tones tell you when there's a call. And a handy switch makes it a loud bell when pleasant weather takes you outdoors. You can take your personal choice of velvety gold or soft ivory, to complement any decor.

The Call Director

This streamlined, modern, functional piece of telephone equipment is designed for today's business requirements. Available in a choice of three colors and equipped with versatile push buttons which give access to a number of lines, hold calls while answering others and permit signaling and conferencing arrangements.

HELPFUL INFORMATION

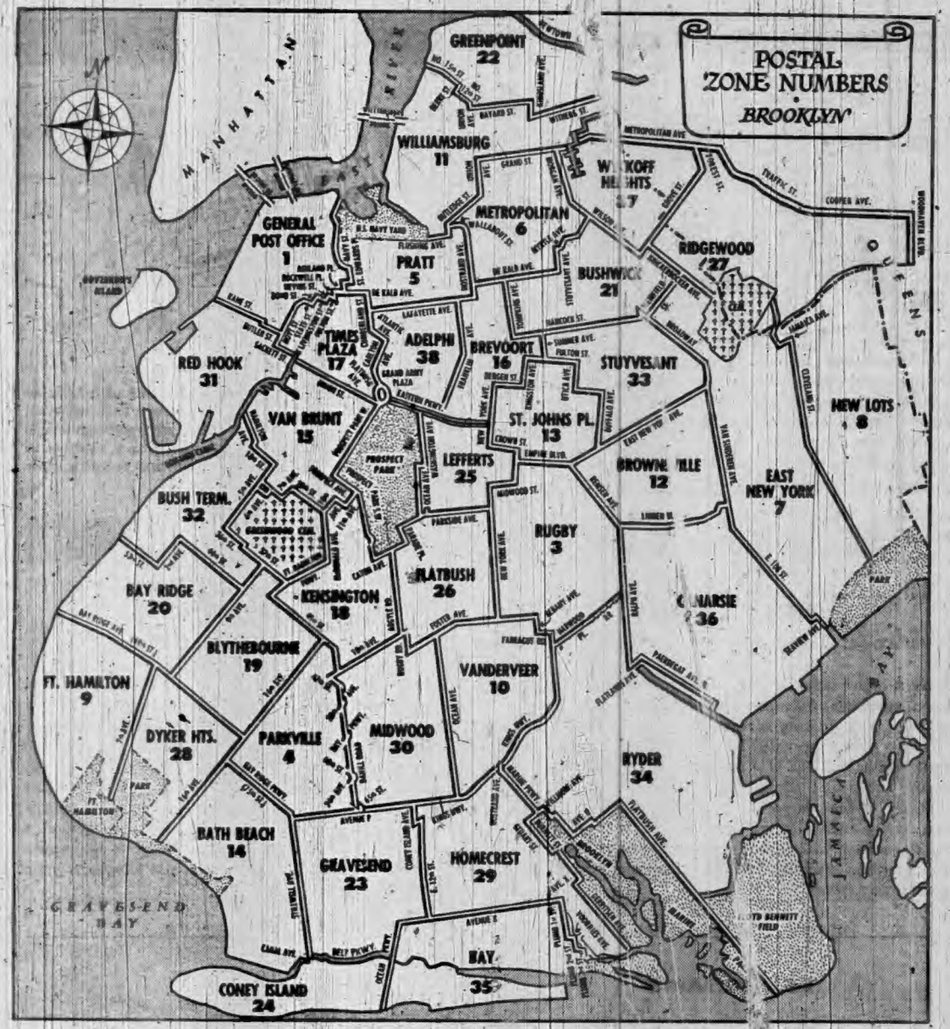
"BEEP" TONE
Indicates Conversation Being Recorded

A short high-pitched "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation.

This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, the signal is no longer heard.

ATTACHMENTS
To Telephones and Directories

All equipment furnished and directories leased or furnished without specific charge by the telephone company remain its property. Many items, offered free or sold by others for attachment to telephone instruments, directories and other telephone property, interfere with service and infringe on the company's property rights. The telephone company reserves the right to remove such unauthorized attachments and devices from its directories and equipment. Whenever any communication equipment is required for a particular need, please telephone your Business Office.



TELEGRAMS by TELEPHONE

You may telephone telegrams, cablegrams or radiograms from your home or business phone to The Western Union Telegraph Company following instructions shown under the listing of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin phones, paying as you would for a telephone call.

Employee IDENTIFICATION CARDS

Every employee of the telephone company authorized to install, inspect, repair or remove the company's apparatus carries a card showing the company's name and the employee's number and photograph. Other telephone employees and directory delivery men also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this company but who cannot so identify himself.

1962

NOTE: If you cannot determine the Postal Zone Number of a given address by referring to the Postal Zone map above, check with your Postman or call MA 4-1000, Ext. 261. (After 5:30 P.M., Ext. 316). The Post Office will supply without charge, the correct Postal Zone number for each person on your mailing list for Brooklyn, N. Y.

Mail matter is not completely addressed unless the number of the Postal Zone forms a part of the address. The Postal Zone Number must follow "Brooklyn" and precede "N. Y.", as shown at right.

Mr. Frank E. Smith
271 Washington St.
Brooklyn 1, N. Y.

Please address clearly; do not abbreviate; put name and address of sender on all mail.

EDWARD J. QUIGLEY, *Postmaster*
